Why Gethsemane Cemetery

You Know Us! You've entrusted us with the privilege of assisting you during a difficult time of loss, or are allowing us to guide you through the pre-planning process. Many of the staff here have been with us for many years. It is this same staff that would be honored to assist you in creating a Memorial to your specifications.

We Will be Here! You can be confident we will not relocate. Whatever your questions concerning your loved ones' resting place may be, we are one location to visit, one phone call to make and one group of familiar people to help you.

Our Value! By providing quality memorials manufactured in the United States, with expert and compassionate service, and guarantees at no additional cost, we are providing the best value available. When choosing a permanent memorial, price should not be the only deciding factor.

Our Quality! With new granite colors becoming available from all over the world, it is increasingly important to know the product you are choosing. We will fully explain your options and let you make the decision that is right for your situation.

Local Manufacturers! Gethsemane Cemetery can source granite from all over the world, but we have an affinity toward granite quarried within North America and manufactured here in the United States. This assures the highest quality at reasonable prices and dependable delivery.
